# GRP3-2

## Recycling Bale Grab

## ÜSTTEN KAPAMALI GER DÖNÜSÜM BALYA ATASMANI

### PRODUCT CODE

014GRP-X32

1400

1200

900

650

### Notes:

It is used to stack pressed waste paper or plastic bales for recycling.

The biggest advantage of this attachment is that it prevents the presses from falling apart by holding the load from below.

It also allows the collection of scattered waste materials and their easy transportation to the press chamber.
